

A Strategic Marine
Research Partnership
for the **Ningaloo Coast**

Save the date

2020 Ningaloo Outlook Symposium

Tuesday 18 February 2020

The Ningaloo Outlook partnership has completed five years of research.

Join the team at IOMRC to hear the highlights from five years of exploring the shallow and deep reefs, and studying sharks (especially whale sharks) and turtles.

Ningaloo Outlook is a BHP-CSIRO Marine Research Partnership which has invested A\$5.4 million over five years to gather new knowledge about Ningaloo Reef and its important ecological values.
